

# Texas Commission on Environmental Quality Photographs at the Texas State Library and Archive Commission

By: Amy Franco, Savannah Gignac, Russell Holley-Hurt, Brent Sipes for Archival Enterprise I

The TCEQ regulates air and water quality, waste management, and natural resource conservation for Texas. This collection documents the agency's activities from 1970-2006.

The TCEQ collection is 10.83 cubic feet of records, 537 folders, including black and white and color photographs, negatives, contact sheets, slides, internegatives, and various processing notes and materials. The photos range in size from 3x5 to 11x15.

#### Process:

- Inventory of all the folders
- Evaluated and Weeded the collection
- Arranged the materials
- Created an EAD Finding Aid

#### Arrangement:

- Date, Folder Number and then Alphabetically

#### Highlights include images of:

- Photos of Texas Governors
- Environmental outreach programs
- Photos of natural disasters, especially floods and droughts
- Award ceremonies
- Water quality evaluations
